## **2. Roles and Responsibilities**

### **a. Philip Reeves - Head of Centre**

- The Head of Centre will be responsible for approving our policy for determining teacher assessed grades.
- The Head of Centre has overall responsibility for the school as an examinations centre and will ensure that clear roles and responsibilities of all staff are defined.
- The Head of Centre will confirm that teacher assessed grade decisions represent the academic judgement made by teachers and that the checks in place ensure these align with the guidance on standards provided by awarding organisations.
- The Head of Centre will ensure a robust internal quality assurance process has been produced and signed-off in advance of results being submitted.
- The Head of Centre will ensure that the post results service is administered.

### **b. Senior Leadership Team and Curriculum/Subject Leaders**

Our Senior Leadership Team and Curriculum/Subject Leaders will:

- provide training and support to our other staff through the use of exam board online materials and by leading face-to-face departmental training.

- support the Head of Centre in the quality assurance of the final teacher assessed grades through line management meetings.
- ensure a consistent approach within and across departments and authenticating the preliminary outcome from single teacher subjects.
- be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.
- ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade through a standardisation exercise before the marking of papers commences.
- ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.
- ensure teachers have the information required to make accurate, fair, and unbiased judgments.
- will work together with their Year 11 teachers to arrive at the grades which will be awarded to each student in the cohort
- produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.
- ensure that a Curriculum/Subject leader Checklist is completed for each qualification that they are submitting.

#### **c. Subject Specialist Teachers / SENCo**

Our subject specialist teachers and SENCo will:

- ensure they conduct assessments under our Centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.
- ensure that marks awarded by teachers to each student are fair, valid and are a reliable reflection of the assessed evidence available for each student.
- make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.
- securely store and be able to retrieve sufficient evidence to justify their decisions.
- keep grades awarded confidential and will not share these with students or parents.

#### **d. Examinations Officer**

Our Examinations Officer will:

- be responsible for producing the assessment timetable in discussion with Curriculum/Subject leaders.
- print and photocopy assessment papers.
- organise the invigilation programme.
- be responsible for the administration of our final teacher assessed grades.

### **3. Training and Support**

#### **a. Training**

- Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students. Staff who have been exam board markers will play a key role in this.
- Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.

#### **b. Support for Newly Qualified Teachers and teachers less familiar with assessment**

- We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment procedures.
- We will put in place additional internal reviews of teacher assessed grades for NQTs/RQTs and other teachers as appropriate.

### **4. Use of evidence**

- Teachers making judgements will have knowledge to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.
- All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.
- We may be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.
- We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.
- We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.
- We may use substantial class or homework (including work that took place during remote learning) if the work is consistent with the standard a student has achieved elsewhere and there is a high degree of confidence that the work is that of the student.
- We will use internal tests taken by students.
- We may use mock exams taken over the course of study.
- We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.
- All questions selected for assessments in the summer term will need to be approved by the SLT line manager.
- We will weight selected evidence according to the influence we want it to have on the final grades.

### **a. Appropriateness of Evidence**

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.
- We will ensure that we are able to authenticate the work as the student's own, by asking students to sign a declaration document to this effect, especially where that work was not completed within school.
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.
- We will consider the specification and assessment objective coverage of the assessment and ensure that all of the assessments objectives for each subject are met. This will be signed off by the SLT Line Manager.
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.

## **5. Awarding teacher assessed grades based on evidence**

We give details here of our centre's approach to awarding teacher assessed grades.

- We will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.
- We will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.
- We will produce an Assessment Record for each subject cohort and will share this with the Curriculum/Subject leaders. Any necessary variations for individual students will also be shared.

## **6. Internal quality assurance**

This section gives details of our approach to internal standardisation, within and across subject departments.

- We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document with staff being a designated time in which to do this.
- In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process.
- We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:
  - Arriving at teacher assessed grades
  - Marking of evidence

- Reaching a holistic grading decision
- Applying the use of grading support and documentation
- We will conduct internal standardisation across all grades.
- All subject areas will have designated time made available to enable a standardisation exercise to be completed before the marking of all assessment papers begins.
- We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.
- Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).
- Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by another appropriately qualified member of staff within the centre. This will be the Departmental Line Manager or other member of the Senior Leadership Team, other than the Head of Centre.
- If time allows and if it is deemed necessary we will engage with some degree of external moderation with other local secondary schools.
- In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.

## **7. Comparison of Teacher Assessed Grades to results for previous cohorts**

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).
- We will consider the size and ability profile of our cohort from year to year.
- We will consider the stability of our centre's overall grade outcomes from year to year.
- We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.
- We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.

### **a. Historical data**

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- We will compile historical data giving appropriate regard to potential mixtures of A\*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.
- We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.
- We will omit subjects that we no longer offer from the historical data

## **8. Reasonable adjustments and mitigating circumstances (special consideration)**

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make ensure that these arrangements are in place when assessments are being taken.
- A specific room has been set up where students who require access arrangements will sit the summer term assessments.
- Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the list of evidence and alternative evidence obtained.
- Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.
- We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.
- To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)

## **9. Addressing Disruption/Differentiated Lost Learning (DLL)**

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Where evidence varies from the core portfolio agreed for each subject, the reasons for the variation will be clearly identified.

## **10.Objectivity**

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

**Senior Leaders, Curriculum/Subject Leaders and Centre will consider:**

- sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);
- how to minimise bias in questions and marking and hidden forms of bias); and
- bias in teacher assessed grades.

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- unconscious bias can skew judgements.
- the evidence presented should be valued for its own merit as an indication of performance and attainment.
- teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics.
- unconscious bias is more likely to occur when quick opinions are formed.
- all of our Year 11 teachers will have read the Ofqual guidance on Making Objective Judgements and this will be gone through in a Departmental Curriculum Workshop so that the Curriculum/Subject leader is confident that the team are fully conversant with how to avoid unconscious bias. Each teacher will be required to sign the document to indicate that it has been read.
- summer term assessment papers will only have candidate numbers on them in order to facilitate best practice in the blind marking of these papers.
- the marking of the assessment papers will be randomly distributed amongst Year 11 teachers meaning a paper may not be marked by the normal class teacher.

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

## **11. Recording Decisions and Retention of Evidence and Data**

This section outlines our approach to recording decisions and retaining evidence and data.

- All assessment grades used in the determination of the final teacher assessed level will be recorded on the Schools' Information Management System using a prepared marksheet.
- We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.
- We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.
- We will comply with our obligations regarding data protection legislation.
- We will ensure that the grades accurately reflect the evidence submitted.
- We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).

## **12. Authenticating evidence**

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- The majority of evidence will be produced under a high degree of supervision where the centre can be confident that the work is the students' own.

- Students will be asked to sign a document to indicate that all work that is providing evidence for the grade awarded is their own.
- Where additional evidence is used, for example where a student takes a school-based assessment at home due to self-isolation, robust mechanisms will be in place to confirm the authenticity of the evidence produced. This will include, comparative analysis to other evidence produced under controlled conditions and an evaluation of the level awarded for the evidence which is based on the student's grade profile. Teachers should be confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.
- It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.

### **13. Confidentiality, malpractice and conflicts of interest**

#### **a. Confidentiality**

This section details the measures in place in our centre to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.

- All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades.
- All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based, while ensuring that details of the final grades remain confidential.
- Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians.

#### **b. Malpractice**

This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.

- Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.
- All staff involved have been made aware of these policies, and have received training in them as necessary.
- All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:
  - breaches of internal security;
  - deception;
  - improper assistance to students;
  - failure to appropriately authenticate a student's work;
  - over direction of students in preparation for common assessments;
  - allegations that centres submit grades not supported by evidence that they know to be inaccurate;

- centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;
- failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and
- failure to keep appropriate records of decisions made and teacher assessed grades.
- The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.
- If a teacher is subjected to undue pressure from students or parents with regards to potential grades being awarded, this will be seen as malpractice and will be investigated and addressed.

### c. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.
- Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).
- We will also carefully consider the need to separate duties and personnel to ensure fairness in later process reviews and appeals.

## 14. Private Candidates

This section details our approach to providing and quality assuring grades to Private Candidates.

- Our arrangements for assessing Private Candidates to arrive at appropriate grades are identical to the approaches utilised for internal candidates.
- Where it has been necessary to utilise different approaches, the **JCQ Guidance on Private Candidates** has been followed and any divergences from our approach for internal candidates have been recorded on the appropriate class/student documentation.
- In undertaking the review of cohort grades in conjunction with our centre results profiles from previous examined years, the grades determined by our centre for Private Candidates have been excluded from our analysis.

## 15. External Quality Assurance

This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.

- All staff involved have been made aware of the awarding organisation requirements for External Quality Assurance as set out in the **JCQ Guidance**.
- All necessary records of decision-making in relation to determining grades have been properly kept and can be made available for review as required.
- All student evidence on which decisions regarding the determination of grades has been retained and can be made available for review as required.
- Instances where student evidence used to decide teacher assessed grades is not available, for example where the material has previously been returned to students and cannot now be retrieved, will be clearly recorded on the appropriate documentation.
- All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.
- Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.
- Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.

- Parents/guardians have been made aware of arrangements for results days.

## 17. Appeals

This section details our approach to managing appeals, including Centre Reviews, and subsequent appeals to awarding organisations.

- All staff involved have been made aware of the arrangements for, and the requirements of, appeals in Summer 2021, as set out in the **JCQ Guidance**.
- Internal arrangements will be in place for the swift and effective handling of Centre Reviews in compliance with the requirements.
