

Year 11 Curriculum Newsletter Spring Term 2

English

What are we studying? The first two weeks of this half term are mock weeks. After this we will study Unseen and Power & Conflict Poetry, which is the remaining course content which has not yet been thoroughly revisited. Once we are confident students are skilled in this we will begin interleaving all Language and Literature topics as we head in to the summer term.

Assessment: Mocks: Language Paper 1, one question on A Christmas Carol, and one Unseen response.

How can parents help? Please encourage focused revision time, free from distractions such as TV, phone, games etc.

Maths

What are we studying? As all content have now been taught, Year 11 will mainly be focusing on topics identified from their mocks (and PLCs) that needs a bit of extra revision.

Assessment: February Mock exam - 2x calculator papers, and 1x non-calculator paper.

How can parents help? Please check that students have the correct equipment for their exams (such as scientific calculators, compass, protractor, ruler, pencil, etc). Ensure your child use their PLC and topic lists (with specific hegarty clips included) to revise for each exam.

Business & Enterprise

What are we doing this half term? We will be looking at the Non Exam Assessment and continuing onto the initial design ideas and getting them to a high standard. We will also continue onto developing, modelling and assessing construction techniques for the final prototype. In theory sessions, the students will revisit the theory content that has the highest difficulty, in order to aid the recall in the exam. They will also practice a range of exam style questions.

Assessments: The NEA is assessed throughout and the final outcome will form part of the final grade. We will also be using past papers to help assess student knowledge.

How can parents help? Continue to be a good vocal client, checking in on their design work and giving constructive feedback. Take them to shops that sell similar products to their chosen design work and let them look at them to get an idea of how they are constructed.

Science

What are we doing this half term?: You will be continuing your studies of Biology, Chemistry and Physics this term. Lessons will focus on finishing the final bits of new learning of the paper 2 topics for each science discipline. Then we will be focusing on thorough revision of the paper 1 topics. Homework will be revision of paper 1 topics studied last year - that will be assessed in your first mock exams.

How can parents help?: Ensure your child has correct equipment such as a pen, a pencil, ruler and their own scientific calculator. Students need to start bringing their revision guides to lessons. These books are an invaluable resource for your childs revision and they should be starting to look well used!

PE -GCSE

Final year for GCSE PE - In Spring 2 students will continue to revisit topics from across paper 1 and 2 by looking at theory exam technique. They will also consolidate skills in isolation and game application for practical, and will be assessed (recorded) in their final practical sports for their GCSE Assessment.

Assessment : Mock Paper 2

How can parents help - Actively assist with their revision and continue to support their use of The EverLearner online resources together with Seneca.

History

What will we be doing? We are now on to revision! This will focus on Germany up to your mock exam. We will also use time after the mock exam to review areas where there were gaps in knowledge. We will then move on to revising the USA. With thorough revision both inside the classroom with your teachers, and by you at home, you should be well prepared for the summer exams; much of this will come down to individual work at home, focusing on the gaps in your own knowledge; everyone will have different strengths and gaps.

Assessment: End of unit Elizabeth exam style paper. The mock after half term will be on Nazi Germany.

What can parents do to help? Read: your revision textbook and the revision materials on the year 11 Revision – History – Teams page

Watch: Rise of the Nazis – available on BBC iPlayer

Visit: the Imperial War Museum (Nazi Germany and WW2 exhibition)

Geography

What are we doing this half term? GCSE Geography students will complete studying Natural Hazards.

Assessments: An end of topic written assessment, short and long answer questions, based on past GCSE exam questions. They will cover all of the assessment objectives. These skills will be continually practiced over the course of the GCSE. AO1: Demonstrate knowledge of locations AO2: Demonstrate geographical understanding of: concepts and the interrelationships between places. AO3: Interpret, analyse and evaluate geographical information and issues. AO4: Use a variety of skills to investigate questions and communicate findings.

How can parents help? Ensure your child has the correct equipment such as a pencil, ruler, glue, scissors and a green pen for peer and self-assessment. Students have a revision help sheet for each topic, and should be encouraged to complete revision notes at the end of each week's lessons, so they are producing them in manageable detailed chunks. Please assist students in keeping their human and physical revision book organised and with detailed notes and diagrams, following the Cornell notes system. Students should use GCSE Pod to consolidate knowledge.

DT GCSE

What are we doing this half term? We will be looking at the Non Exam Assessment and continuing onto the initial design ideas and getting them to a high standard. We will also continue onto developing, modelling and assessing construction techniques for the final prototype. In theory sessions, the students will revisit the theory content that has the highest difficulty, in order to aid the recall in the exam. They will also practice a range of exam style questions.

Assessments: The NEA is assessed throughout and the final outcome will form part of the final grade. We will also be using past papers to help assess student knowledge.

How can parents help? Continue to be a good vocal client, checking in on their design work and giving constructive feedback. Take them to shops that sell similar products to their chosen design work and let them look at them to get an idea of how they are constructed.

Food and Nutrition

The GCSE non-examination assessment Food Preparation Task (NEA 2) is completed term which consist of completing a written portfolio and preparing for the practical exam. Students will plan, prepare, cook and present a 3 dishes for the chosen task. This will provide students with an opportunity to showcase their creativity and culinary skills. They will apply their existing knowledge, skills and understanding of nutrition to produce a concise portfolio that, together with their NEA1, completed last term, will represent 50% of their final grade.

What parents can do to help: Experiment with dishes and food at home adapting and improving on recipes, practising their culinary skills for the three high skilled dishes, in preparation for the 3 hour practical exam. Encourage and schedule time for your child to read over their year 10 class notes regularly and memorise the key points and factual details.

French

What are we studying? We will then revisit all topic areas & do exam-style questions in all skills in preparation for the GCSE exam.

Assessment: Mock exams in Listening, reading and Writing in February after half term.

How can parents help? Ensure your child knows the day and time of the Mock speaking. They should be regularly rehearsing answers. Revise vocab & phrases from the AQA vocab book & use the purple workbook.

Spanish

What are we studying? We will then revisit all topic areas & do exam-style questions in all skills in preparation for the GCSE exam.

Assessment: Mock exams in Listening, reading and Writing in February after half term.

How can parents help? Ensure your child knows the day and time of the Mock speaking. They should be regularly rehearsing answers. Revise vocab & phrases from the AQA vocab book & use the purple workbook.

Drama

What are we doing this half term?: Year 11 have completed their practical work on Devising theatre and Performance from a text. The focus of the next half term is their written exam in May and completion of their devising logbook. Students will revise their knowledge of 'The Crucible' (set text), and Live theatre analysis. They will also be taught exam technique, to build their confidence in answering questions and develop their knowledge of the requirements of the exam.

Assessments: Completion of the Devising Coursework.

Help at home?: Please ensure students meet all deadlines for the completion of their improved devising logs.

Art

What are we doing this half term?: Our Y11 GCSE Art & Design students are now working on their ESA project (externally set assignment) with the theme of 'Power' This has been set by our exam board and students are taking the project in their own chosen direction.

Assessments: The ESA project is worth 40% of a student's final GCSE grade. Students are assessed against the following objectives: AO1 Developing Ideas, AO2 Experiment & Refine, AO3 Recording Ideas, AO4 Present. These assessment objectives are equally weighted and students are graded holistically based on all the work they complete.

How can parents help?: Please ensure that your child meets our weekly deadlines so they are prepared for their final GCSE exam on Tuesday 23rd and Wednesday 24th April 2024. Leading up to this our students are expected to be spending 3 -4 hours a week working on their art coursework at home outside our timetabled lessons. A space for students to work on their art coursework during evenings and weekends is an excellent way to support their progression. Alternatively please encourage your child to regularly attend our catch-up sessions after school. If parents are also able to support students in visiting different museums and galleries and engaging in conversations about artworks, this is a great way to prepare them for and support them throughout the GCSE course.

PE (Core)

What are we doing this half term?: Students continue to receive a balance of activities with the goal of further developing their love for physical activity and their ability to perform with confidence.

Assessment: Students are not formally assessed in core PE.

How can parents help?: Please ensure students are organised with their full kit on PE days.

Music

What are we studying? Year 11s will be working on their compositions in preparation for the deadline on March 10th. In theory lessons, we will be looking at musical theatre, popular music, and completed listening tasks.

Assessments: Solo Performance Exam on Friday 27th January

How can parents help? Please encourage your child to complete regular instrumental/singing practice and to listen to lots of music! Support learning musical vocabulary.

Computer Science

What are we studying? Students will be learning how to complete more complex programming challenges, involving manipulating data using files, 2d lists and string formatting.

Assessment: During the February mock exams, students will complete a full paper 1 and paper 2 examination.

How can parents help? Support students with revision using their exercise books. Make sure all home learning tasks are completed. If students want to build their coding confidence they could practice here: <https://www.w3schools.com/python/>
